

MIDLAND

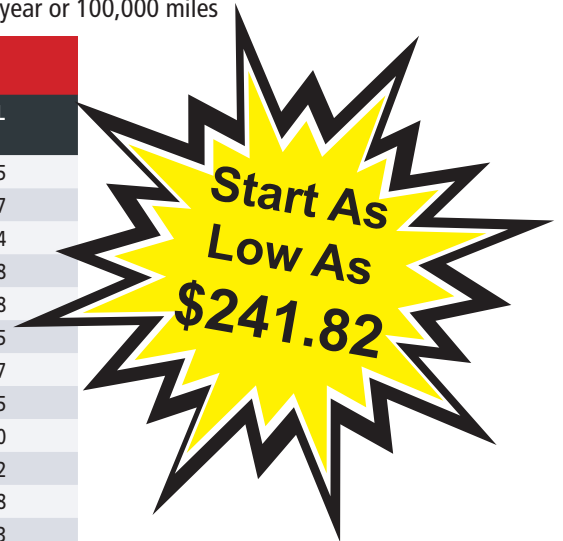

The all-new Midland line of Flywheels covers the most popular medium- and heavy-duty applications.

Manufactured to meet and exceed OEM specifications, Midland flywheels deliver economy and uptime advantages to your fleet.

- Utilize maximum adjustment capacity of clutch
- No need for thick clutch brake or spacers
- Eliminates cost of turning flywheel
- Release bearing travel is return to OE Specs
- Speeds up install by eliminating machining time
- Guaranteed flat, smooth, free of scoring and heat marks to reduce warranty cost / increase clutch life
- Warranted for 1 year or 100,000 miles
