BERNZOMATIC
SINCE 1876

Part # 361524

HIGH HEAT TORCH TRIGGER START

Work faster and more efficiently with the versatile High Heat Torch for Fast Work Times.

Designed for a wide range of jobs including soldering large diameter copper pipes, brazing and heat treating.

The optimized swirl flame burns hot and efficiently for maximum heat output and fast soldering times.

The auto start/stop ignition lights and extinguishes the flame with the push of a button, while a run-lock button keeps the torch lit for continuous use.
